# RECITALS

Lessee desires to lease from United as Lessor certain railroad cars, hereinafter specifically designated, all upon the rentals and terms and conditions set forth in this Lease.

# AGREEMENT

It Is Agreed:

1. *Lease of Cars.* United agrees to lease to Lessee and Lessee agrees to and does hereby lease from United that number of railroad cars, of the type, construction and such other description (hereinafter referred to as the "Cars") as is set forth in Exhibit "A" attached hereto and by this reference made a part hereof. Lessee acknowledges that it has possession of all cars and has accepted same for all purposes of this Lease.

2. *Delivery of Cars.* United shall deliver the Cars as promptly as is reasonably possible from time to time in groups of no less than 10. United shall not be responsible for failure to deliver or delay in delivering Cars due to casualties and contingencies beyond its direct control, such as, but not limited to, labor difficulties, fire, delays and defaults of carriers and car and material suppliers.

Lessee shall be liable for, and shall pay or reimburse United for the payment of, all costs, charges and expenses of any kind whatsoever on account of or relating to switching, demurrage, detention, storage, transportation or movement of Cars, including specifically, but not exclusively, freight and switching charges for movement to and from United's plant or any facility of Lessee or any other person, firm or corporation at any time and for any reason.

3. *Condition of Cars - Acceptance.* SEE RIDER.

upon reconstruction by United of any cars as provided in paragraph 3 hereof,

4. *Use and Possession.* There shall be the continuous use of the Cars so long as Lessee is not in default hereunder. Lessee shall be entitled to possession of each Car from the date the Lessee becomes constructive as to each Car and may use such Car,

(a) on its own property or land; and

(b) upon the lines of any railroad or other person, firm or corporation in the usual interchange of traffic for such compensation as Lessee may determine or as may be required by the then current Code of Rules Governing the Condition of, and Repairs to, Freight and Passenger Cars for the interchange of traffic adopted by the Association of American Railroads (hereinafter called the "Interchange Rules") but at all times subject to the terms and conditions of this lease.

provided, however, that at all times the Cars shall be used only in the United States of America or in Canada and in a careful and prudent manner solely for the uses for which they were designed.

5. *Term -- Average Date.* This Lease shall be for a term (hereinafter referred to as the "original term") which shall commence on the date hereof

f all re-  
constructed

and shall terminate ..... seven ..... (.....7.....) years from the Average Date of Delivery unless sooner terminated in accordance with the provisions of this Lease. The Average Date of Delivery shall be determined after delivery of ~~7~~ Cars as follows, such

(a) multiply the number of Cars delivered by United on each day by the number of days elapsed between such day and the date of delivery of the first Car hereunder, then add all of the products so obtained and divide by the total number of Cars so delivered; the quotient rounded out to the nearest whole number shall be added to the date of delivery of the first Car, and the resulting date shall constitute the Average Date of Delivery;

n the form  
attached here-  
to as Exhibit  
-1

(b) the date on which delivery of a Car shall be deemed to have been made will be the day following delivery of the Car to the Lessee. A Car shall be conclusively deemed delivered to the Lessee on the earliest date shown on any of the following: (i) Certificate of Inspection and Acceptance or other writing accepting a Car signed by the Lessee; or (ii) a bill of lading showing delivery to Lessee, or to a foreign line railroad for the account of Lessee.

nd United;

6. *Option to Extend.* Hereby

7. *Rental.* SEE RIDER.

8. *Payment.* Lessee shall make payment of all sums due hereunder to United in Chicago funds at the address provided in Paragraph 23 hereof, or such other place as United may direct. Rental payments shall be made monthly in advance on or before the 1st day of each month for which such rental is due, except that the first full month's payment shall include rental covering any prior period of less than one month.

9. *Title.* Lessee shall not by reason of this Lease or any action taken hereunder acquire or have any right or title in the Cars except the rights herein expressly granted to it as Lessee.

10. *Maintenance.* Lessee shall, ~~during the continuance of this Lease,~~ <sup>after reconstruction and</sup> promptly and with due diligence, keep and maintain the Cars in good working order and repair (ordinary wear and tear excepted) and make all replacements, changes or additions to the Cars or their equipment and appliances to the extent necessary or required from time to time,

(a) by the Interchange Rules; and

(b) by applicable laws and regulations of any state or governmental body, including specifically but not exclusively, the Interstate Commerce Commission,

all at Lessee's own cost and expense and without any abatement in rent or other loss, cost or expense to United; provided, however, that the provisions of Paragraph 17 hereof shall apply in the event of damage or destruction beyond repair. Any parts, replacements, or additions made to any car shall be accessions to such Car and title thereto shall be immediately vested in United without cost or expense to United.

11. *Taxes and Other Levies.* Lessee shall promptly pay all taxes, assessments and other governmental charges, including sales, use or ad valorem taxes levied or assessed during the continuance of this Lease upon the Cars or the interest of the Lessee therein or any thereof, or upon the use or operation thereof or the earnings arising therefrom, and if any levy or assessment is made against United on account of any of the foregoing matters or on account of its ownership of the Cars, exclusive, however, of any taxes on the rentals herein provided or the net income of United therefrom (except any such tax on rentals which is in substitution for, or relieves the Lessee from the payment of taxes which it would otherwise be obligated to pay or reimburse as hereinbefore provided), Lessee will promptly pay or reimburse United for same; but the Lessee shall not be required to pay the same so long as it shall in good faith and by appropriate legal or administrative proceedings contest the validity or amount thereof unless thereby, in the judgement of United, the rights or interests of United in and to the Cars will be materially endangered. In the event any tax reports are required to be made on the basis of individual Cars, the Lessee will either make such reports in such manner as to show the ownership of such Cars by United or will notify United of such requirements and will make such report in such manner as shall be satisfactory to United.

12. *Liens.* Lessee shall keep the Cars free from any encumbrances or liens, which may be a cloud upon or otherwise affect United's title, which arise out of any suit involving Lessee, or any act, omission or failure of Lessee or Lessee's failure to comply with the provisions of this Lease, and shall promptly discharge any such lien, encumbrance or legal process, except such as are permitted by United under Paragraph 11 hereof.

13. *Indemnity - Patent Covenants.* Lessee agrees to indemnify United and save it harmless from any charge, loss, claim, suit, expense or liability which United may suffer or incur and which arises in connection with the use or operation of a Car or Cars while subject to this Lease (but not while in United's shop or possession) and without regard as to how such charge, loss, claim, suit, expense or liability arises, including without limiting the generality of the foregoing, whether it arises from latent or other defects which may or may not have been discoverable by United. United agrees to indemnify Lessee and save it harmless against any charge, loss, claim,

Prior to reconstruction Lessee shall at its own cost and expense see that Cars are complete in all parts neither burned, wrecked, nor otherwise materially or substantially damaged and in compliance with the requirements of subpara (a) and (b) of this Paragraph 10.

suit, expense or liability arising out of or on account of the use or incorporation by United upon delivery of a Car or upon the making of repairs thereto by United, of any invention or the infringement of any patents, except if such invention was used or incorporated by reason of the specifications in Exhibit A-1 hereto. The indemnities and assumptions of liability herein contained shall survive the termination of this Lease. Each party shall, upon learning of same, give the other prompt notice of any claim or liability hereby indemnified against.

14. *Warranty - Representations.* Except as otherwise provided in Paragraph 3(g), United makes no warranty or representation of any kind whatsoever, either express or implied as to any matter whatsoever, including specifically but not exclusively, fitness, design, workmanship, condition or quality of the Cars or parts thereof which Cars have been accepted by Lessee hereunder, and United shall have no liability hereunder for damages of any kind, including specifically but not exclusively, special, indirect, incidental, or consequential on account of any matter which would otherwise constitute a breach of warranty or representation. ~~United agrees to assign to Lessee such rights as it may have under warranties, if any, which it may have received from the manufacturer of any new Cars and shall at Lessee's expense cooperate with Lessee and take such action as may be reasonably requested to enable Lessee to enforce such rights.~~ Lessee represents that all of the matters set forth in Paragraph 22(a) through and including (e) shall be and are true and correct at all times that any Car becomes subject to this Lease.

15. *Car Marking.* Each Car upon reconstruction will be distinctly, permanently and conspicuously marked in stencil by the party performing the reconstruction work with one of the new marking numbers and marks specified in Exhibit A hereto and with a legend on each side in letters not less than three-quarters inches (3/4") in heights substantially as follows:

UNITED STATES RAILWAY EQUIPMENT CO.  
Lessor

The name of any assignee of United's interest or trustee or mortgagee having an interest in the Car shall also appear if requested by United or such other party, or in lieu thereof United may add the following inscription:

Title to this Car subject to documents recorded  
under Section 20(c) of Interstate Commerce Act.

Lessee shall immediately replace any such stenciling which may be removed, destroyed or become illegible wholly or in part. Upon Lessee's request United shall furnish a stencil with the form of the marks, numbers and legend. Except for the numbering and stenciling as provided herein, and such markings as Lessee desires to indicate its interest hereunder, Lessee shall keep the Cars free from any marking or labeling which might be interpreted as a claim of ownership thereof by Lessee, or any party other than United.

16. *Inspection - Inventory.* During the continuance of this Lease, United shall have the right, at its own cost and expense, to inspect the Cars at any reasonable time or times wherever the Cars may be. Lessee shall, upon request of United, but no more than once every year, furnish to United two (2) copies of an accurate inventory of all Cars in service.

following reconstruction  
17. *Loss, Theft or Destruction of Cars.* In the event any Car is lost or stolen or is destroyed or damaged beyond economic repair from any cause whatsoever, Lessee shall promptly and fully inform United of such occurrence and shall within thirty (30) days after the date of such notice, pay to United, as liquidated damages in lieu of any further claim of United hereunder except for accrued rent and such claims as arise or exist under Paragraphs 11, 12 and 13, an amount in cash equal to:

(a) the present worth, as hereinafter defined, of the total remaining rental for such Car which would otherwise accrue during the original term as defined in Paragraph 5, from the date of such occurrence to the last day of such term; plus

(b) the net scrap value, as hereinafter defined, for such Car.

If any such loss, destruction or damage occurs off the line of Lessee, United may elect in lieu of the amount provided in Paragraphs (a) and (b) to receive a sum equal to the settlement basis provided by the Interchange Rules. The present worth of the total remaining rental as used in this Paragraph 17 (a) shall mean an amount equal to the rental discounted on a five per cent (5%) per annum basis (compounded annually from the date of such occurrence to the end of the original term). The net scrap value shall mean an amount in cash equal to the current quoted price per net ton of No. 1 Heavy Railroad Melting Steel Scrap, prevailing at Pittsburgh, Pennsylvania Cleveland, Ohio; and Chicago, Illinois as published in *Iron Age* or other reputable industrial

aver  
the

journals, on the first day of the month preceding the month in which payment of such net scrap value is required to be made, multiplied by twenty-five and eight-tenths ..... (....25.8 ..... ) tons. In the event any of the Cars are destroyed or damaged beyond economic repair on the line of Lessee, United may, at its option, in lieu of receiving the net scrap value of such Cars, elect that Lessee return such damaged or destroyed Cars to United either on wheels or in cars at such point on Lessee's line as United may designate. United shall make such election in writing within fifteen (15) days after receiving Lessee's notice that Cars have been destroyed or irreparably damaged. This Lease shall continue in full force and effect irrespective of the cause, place or extent of any damage, loss or destruction of any of the Cars, the risk of which shall be borne by Lessee; provided, however, that this Lease shall terminate with respect to any Car which is lost, stolen or destroyed or damaged beyond repair on the date United shall receive payment of the amount required to be paid to it on account of such Car under this Paragraph 17. (Continued on Rider.)

18. *Return of Cars.* Upon the expiration or upon the termination of this Lease with respect to any Car (other than pursuant to Paragraph 17 hereof), Lessee shall at its sole cost and expense,

(a) forthwith surrender possession of such Car to United in the condition required by Paragraph 10 hereof by delivering same to United's facility in Washington, Indiana, or if United so elects, to United's facility in Blue Island, Illinois; and

(b) if United shall so request by written notice delivered prior to surrender of possession of such Car as above provided, provide suitable storage for such Car for a period of ninety (90) days from the date of expiration or termination and inform United of the place of storage and the reporting number of the Car there stored.

Delivery in storage shall constitute delivery of possession for the purpose of this Paragraph 18 and such storage shall be at the risk of United. Upon termination of the storage period or upon request of United prior thereto, Lessee shall cause the Car to be transported to United at the place and in the manner provided in Paragraph 18(a). Until the delivery of possession to United pursuant to Paragraph 18(a) or (b), Lessee shall continue to pay rental at the rate being paid immediately prior to termination or expiration, and Lessee shall, in addition, make all other payments and keep all obligations and undertakings required of Lessee under any and all provisions of this Lease as though such termination or expiration had not occurred.

19. *Default.* The term "event of default" for the purpose hereof shall mean any one or more of the following:

(a) non payment by Lessee within thirty (30) days after written notice after the same becomes due or any installment of rental or any other sum required to be paid hereunder by Lessee;

(b) the Lessee shall default or fail for a period of thirty (30) days in the due observance or performance of any covenant, condition or agreement required to be observed or performed on its part hereunder;

(c) a decree or order shall be entered by a court having jurisdiction in the premises adjudging Lessee a bankrupt or insolvent, or approving as properly filed a petition seeking reorganization, arrangement, adjustment or composition of or in respect of Lessee under the Federal Bankruptcy Act or any other applicable Federal or State law, or appointing a receiver, liquidator, assignee, trustee, sequestrator (or other similar official) of the Lessee or of any substantial part of its property, or ordering the winding up or liquidation of its affairs, and the continuance of any such decree or order unstayed and in effect for a period of thirty (30) days;

(d) the institution by Lessee of proceedings to be adjudicated a bankrupt or insolvent, or the consent by it to the institution of any proceedings or to any action taken or proposed to be taken in any proceedings or action described in Paragraph 19 (c), or the making by Lessee of an assignment for the benefit of creditors, or the admission by it in writing of its inability to pay its debts generally as they become due, or the taking of corporate action by Lessee in furtherance of any such action.

20. *Remedies.* Upon the happening of an event of default, United, at its option, may:

(a) proceed by appropriate court action either at law or in equity for specific per-

formance by the Lessee of the applicable covenants of this Lease or to recover from Lessee all damages, including specifically but not exclusively, expenses and attorneys' fees which United may sustain by reason of Lessee's default or on account of United's enforcement of its remedies hereunder;

(b) elect only to terminate the Lessee's right of possession (but not to terminate the Lease) without releasing Lessee in whole or in part from its liabilities and obligations accrued hereunder, or hereafter to accrue for the remaining term of the Lease, and thereupon require Lessee to deliver all such Cars to United at any of its plants or to take possession itself, of any or all of the Cars wherever same may be found. United may, but need not, require delivery of the Cars to it or repossess the Cars, but in the event the Cars are delivered to United or are repossessed, United shall use reasonable efforts to relet the same or any part thereof to others upon a reasonable rental and such other terms as it may see fit. The proceeds of any such reletting shall first be applied to the expenses (including reasonable attorneys' fees) of retaking and reletting of the Cars and delivery to the new lessee and then to the payment of rent due under this Lease. Lessee shall pay any deficiency remaining due after so applying the proceeds as the same shall accrue. Lessee shall not assert, in mitigation of its damages or otherwise, any lack of diligence by United in or related to the procuring of another lessee or in refusing to accept any proposed or prospective lessee or other transaction, such matters being within United's sole discretion and determination. The election by United to relet the Cars and the acceptance of a new lessee shall not operate to release Lessee from liability for any existing or future default in any other covenant or promise herein contained;

(c) declare this Lease terminated and recover from Lessee all amounts then due and payable plus, as liquidated damages for loss of the bargain and not as penalty, a sum which represents the excess of the present worth, at the time of such termination, if any, of the aggregate rental which would have thereafter accrued from the date of such termination to the end of the original term over the then present worth of the fair rental value of the Cars for such period. Present worth is to be computed in each case on the basis of a five per cent (5%) per annum discount, compounded annually from the respective dates upon which rental would have been payable hereunder had this Lease not terminated. In addition to the foregoing, United shall recover any damages sustained by reason of the breach of any covenant of the Lease other than for the payment of rental;

(d) recover or take possession of any or all of the Cars and hold, possess and enjoy the same, free from any right of the Lessee to use the Cars for any purposes whatsoever.

The remedies provided in this Paragraph 20 in favor of United shall not be deemed exclusive but shall, where not by rule of law inconsistent with each other, be cumulative and may be availed of singly, in combination, or all together and in any order, and shall be in addition to all other remedies, in United's favor existing at law or in equity. The Lessee hereby waives any mandatory requirements of law now or hereafter in effect which might limit or modify any of the remedies herein provided to the extent that such waiver is permitted by law.

21. *Sublease and Assignment.* Lessee shall have the right to sublease any of the Cars, subject at all times to the terms hereof, and each of the parties shall have the right to assign the Lease or their rights thereunder only as follows:

(a) all rights of United hereunder may be assigned, pledged, mortgaged, transferred or otherwise disposed of either in whole or in part with or without notice to Lessee, but subject to Lessee's rights under this Lease. If United shall have given written notice to Lessee stating the identity and post office address of any assignee entitled to receive future rentals and any other sums payable by Lessee hereunder, Lessee shall thereafter make such payments to the designated assignee. Lessee will not amend, alter or terminate this Lease without the consent of the assignee while such assignment is in effect. The rights of any assignee or any party or parties on behalf of whom such assignee is acting shall not be subject to any defense, set-off, counterclaim or recoupment whatsoever, whether arising out of any breach of any obligation of United hereunder or by reason of any other indebtedness or liability at any time owing by United to the Lessee;

(b) Lessee shall not assign this Lease without the written consent of United provided, however, that Lessee may assign all of its rights under this Lease to another railroad corporation which succeeds to all or substantially all of the assets and business of the Lessee provided that such successor shall assume all of the obligations of the Lessee hereunder.

The making of an assignment or sublease by Lessee or an assignment by United shall not serve to relieve such party of any liability or undertakings hereunder nor to impose any liability or undertaking hereunder upon any such assignee or sublessee except as otherwise provided above or unless expressly assumed in writing by such sublessee or assignee.

22. *Opinion of Counsel.* Upon the request of United or its assignee at any time or times, Lessee will deliver to United an opinion of counsel for Lessee, addressed to United or its assignee in form and substance satisfactory to counsel for United, or its assignee, which opinion shall be to the effect that:

(a) Lessee is a corporation duly organized and validly existing in good standing under the laws of the state of its incorporation, and has corporate power to enter into this Lease and carry out its obligations thereunder;

(b) this Lease constitutes the legal, valid and binding obligation of Lessee, enforceable in accordance with its terms;

(c) the Cars which are then subject to the Lease are held by Lessee under and subject to the provisions of this Lease prior to any lien, charge or encumbrance in favor of anyone claiming by, through or under Lessee, and all of the Cars were, upon delivery to Lessee, in condition satisfactory to Lessee and were accepted by Lessee in accordance with the terms of this Lease;

(d) no recording, filing or depositing of this Lease, other than with the Interstate Commerce Commission, in accordance with Section 20(c) of the Interstate Commerce Act, is necessary to preserve or protect the title of United or its assignee in the United States of America; and

(e) no governmental authorization or approval is necessary in connection with the Lease or any other action contemplated hereunder.

23. *Notice.* Any notice required or permitted to be given pursuant to the terms of this Lease shall be properly given when forwarded registered United States mail, return receipt requested, postage prepaid, addressed to:

United at: 2200 East Devon Avenue  
Des Plaines, Illinois 60018

or at such other address as United may from time to time designate by notice in writing, and to:

Lessee at: 139 West Van Buren Street  
Chicago, Illinois 60605

or any such other place as Lessee may from time to time designate by notice in writing.

24. *Recording of Lease.* Prior to the delivery and acceptance of the first Car, United intends, without expense to Lessee, to cause this Lease and any assignment thereof to be filed and recorded with the Interstate Commerce Commission in accordance with Section 20(c) of the Interstate Commerce Act. Lessee will from time to time do and perform any other act and will execute acknowledge, deliver, file, register and record (and will refile, reregister or rerecord whenever required) any and all further instruments required by law or reasonably requested by United, for the purpose of proper protection to the satisfaction of counsel for United, of its title to the Cars, or for the purpose of carrying out the intention of this Lease. Except as hereinbefore provided, Lessee will pay all costs, charges and expenses incident to the filing, refiling, registering, reregistering, recording and rerecording of any such further instrument or incident to the taking of any such other action, and will furnish to United certificates or other evidence of any such action.

25. *Governing Law—Writing.* The terms of this Lease and all rights and obligations hereunder shall be governed by the laws of the State of Illinois. The terms of this Lease and the rights and obligations of the parties hereto may not be changed or terminated orally, but only by agreement in writing signed by the party against whom enforcement of such change or termination is sought.

26. *Counterparts.* This Lease may be executed in any number of counterparts, each of which so executed shall be deemed to be an original, and such counterparts together shall constitute but one and the same contract, which shall be evidenced by any such signed counterpart.

27. *Severability--Waiver.* If any term or provision of this Lease or the application thereof to any persons or circumstances shall to any extent be invalid or unenforceable, the remainder of this Lease or the application of such term or provision to persons or circumstances other than those as to which it is invalid or unenforceable shall not be affected thereby, and each provision of this Lease shall be valid and be enforced to the fullest extent permitted by law. Failure of United to exercise any rights hereunder shall not constitute a waiver of any such right upon the continuation or recurrence of the situation or contingency giving rise to such right.

28. *Terminology.* In construing any language contained in this Lease, no reference shall be made and no significance given to paragraph titles, such titles being used only for convenience of reference. Where the context so permits, the singular shall include the plural and vice versa.

29. *Past Due Rental.* Anything to the contrary herein contained notwithstanding, any non-payment of rentals or other sum due hereunder, whether during the thirty (30) day period within which a default may be cured or for a longer period, and whether or not deemed a default or violation of this Lease, shall result in the obligation on the part of the Lessee to pay also an amount equal to ~~ten~~ ten per cent per annum (or if such rate may not lawfully be charged, then the highest rate which may lawfully be charged) of the overdue rentals for the period of time during which they are overdue.

30. *Benefit.* The covenants, conditions and agreements contained in this Lease shall bind and inure to the benefit of the parties, their successors and assigns (to the extent permitted in Paragraph 21 hereof) and the term "United" and the term "Lessee" shall mean, respectively, all of the foregoing persons who are at any time bound by the terms hereof. Without limiting the generality of the foregoing, the indemnities of the Lessee contained in Paragraph 13 hereof shall apply to and inure to the benefit of any assignee of United, and if such assignee is a trustee under an indenture under which notes of United have been issued in connection with the financing of the Cars, then to any holder of such notes.

IN WITNESS WHEREOF, United and Lessee have duly executed this Lease as of the day and year first above written.

If pursuant to subparagraph (a) above Lessee is required to perform such work at its facilities, United shall, within thirty (30) days after completion of the work and after receipt of invoice, pay to Lessee, the price for such work and material set forth in the Specifications notwithstanding Lessee's actual costs therefor.

(e) Rental payments on any Car placed by Lessee in a facility for reconstruction work to be performed by it shall abate from the date the Car is inspected and accepted at the facility until completion of the reconstruction work, but in no event for more than forty-five (45) days. United's

sole obligation under this warranty shall be limited to repairing or replacing any part or parts of such work or material which shall, within one year after United shall have made delivery of such defective repairs or material, be returned to such place as United shall designate with transportation charges prepaid and which United's examination shall disclose to its reasonable satisfaction to have been defective in normal use and service. THIS WARRANTY IS EXPRESSLY IN LIEU OF ALL OTHER WARRANTIES, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE EXTENDING BEYOND THE DESCRIPTION IN THE SPECIFICATIONS FOR SUCH RECONSTRUCTION OR MATERIALS AND SHALL BE IN LIEU OF ALL OTHER OBLIGATIONS OR LIABILITIES ON THE PART OF UNITED; and United shall not be liable to Lessee for any indirect, special or consequential damages resulting from any defects in material or workmanship.

and

(b) From and including the date of acceptance of any reconstructed Car, as required in Paragraph 3(b) hereof, the sum of \$ 3.92 per car per day.

Within fifteen (15) days after determination of the Actual Cost, but in no events more than three (3) months after all reconstruction work on the Cars is completed, adjusted total rental for the prior periods of the original lease term beginning after the acceptance of reconstruction work will be determined on the basis of a retroactive application to such periods, of the rental adjusted as herein provided. Any amount

by which the adjusted total rentals so determined for such prior periods shall be greater or lesser than the aggregate rental payments actually made by Lessee to United during such prior periods shall be paid if greater, or credited if lesser, with the next monthly rental payment during the lease term from Lessee to United. Commencing with the monthly rental payment for the lease term next due after notice given by United to Lessee of the Actual Cost, all monthly rentals for all reconstructed Cars for the balance of the lease term or any renewals thereof shall be paid at the adjusted rental herein provided. United's notice shall contain a statement certified by its chief financial officer of the Actual Cost. United shall permit Lessee to examine the records of United to verify the Actual Cost upon reasonable notice from Lessee.
